GRADE TWO

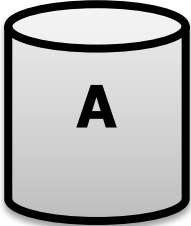

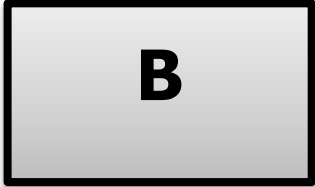

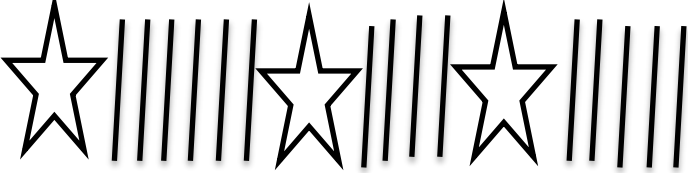

JULY, 2022

Numeracy

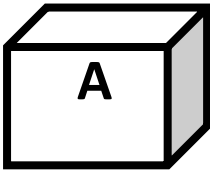

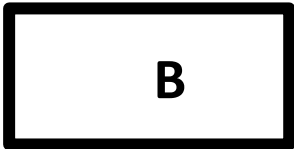

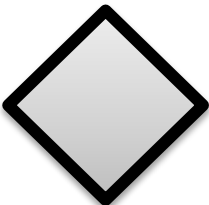

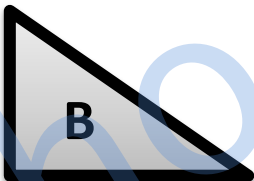

No	Questions	Working space and answer																																								
1.	Write 421 in words																																									
2.	Write the greatest number among these in numerals <table><tr><td>Fourteen</td><td>forty four</td></tr><tr><td>four hundred and fourteen</td><td>forty five</td></tr></table>	Fourteen	forty four	four hundred and fourteen	forty five																																					
Fourteen	forty four																																									
four hundred and fourteen	forty five																																									
3.	 Count and write the total number of figures shown.																																									
4.	Write " Five hundred and seventy five " in numerals																																									
5.	Count and write the total of arrows below. 																																									
No	Questions	Working space and answer																																								
6.	Write in short form, 3 + 400 + 20																																									
7.	Write the missing numbers in, <table><tr><td></td><td></td><td></td><td>54</td></tr><tr><td></td><td></td><td></td><td>58</td></tr><tr><td></td><td></td><td></td><td>62</td></tr><tr><td></td><td></td><td></td><td>66</td></tr><tr><td></td><td></td><td></td><td>70</td></tr></table>				54				58				62				66				70	<table><tr><td></td><td></td><td></td><td>54</td></tr><tr><td></td><td></td><td></td><td>58</td></tr><tr><td></td><td></td><td></td><td>62</td></tr><tr><td></td><td></td><td></td><td>66</td></tr><tr><td></td><td></td><td></td><td>70</td></tr></table>				54				58				62				66				70
			54																																							
			58																																							
			62																																							
			66																																							
			70																																							
			54																																							
			58																																							
			62																																							
			66																																							
			70																																							
8.	Write the smallest number just comes before other numbers on 76, 78, 72, 71, 73, 75, 74																																									
9.	Expand the number this number 601.																																									

10.	Write the place value of each number below 4 5 6	
No	Questions	Working space and answer
11.	Add this number by regrouping using an abacus $167 + 138 =$	Hundred Tens Ones 
12.	Add, $564 + 53 + 235 =$	
13.	Take away,  $- 15 =$	
14.	Take away, $\begin{array}{r} 756 \\ - 461 \\ \hline \end{array}$	
15.	Asha was given 350 shillings to buy a pencil. She was also given 520 shillings to buy a sharpener. How much money did she receive?	
No	Questions	Working space and answer
